## Illuminator 1" Tweeter

## ~scanspeak

## Type Number: D3004/602010

## Features:

The Illuminator tweeters continue on with the heritage of the renowned Revelator D29. The large-roll surround and textile dome diaphragm provide a flat frequency response to above 30 KHz with outstanding off-axis dispersion.

The face plates are die cast in aluminum for a beautiful look with maximum mechanical stability.

D3004/602010 is optimized to offer small package sizes that can fit into tight spaces such as compact cabinets and automotive trim pieces.

The back chamber is die cast in aluminium and designed with a contoured shape that functions as a heat sink in high power
 applications.

Driver Highlights: 1" soft dome, compact size, ring neodymium magnet, aluminium faceplate and house, protective grill, large chamber.
